

SANKET SITARAM KUDALE

SENIOR SOFTWARE ENGINEER | FLUTTER & ANDROID DEVELOPER

Pune, India | +91 77750 29787 | sksanketkudale@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Mobile application engineer with 5+ years of experience building secure, scalable Android and Flutter applications across retail banking, corporate banking, eKYC, tax management, workflow automation, fleet management, and healthcare domains. Experienced in Various Architectures, Riverpod, REST API integration, reusable component design, application performance optimisation, code reviews, Agile delivery, and cross-functional collaboration. Proven experience leading banking application development for international clients and integrating OCR and MRZ-based identity-verification workflows.

TECHNICAL SKILLS

Languages: Dart, Kotlin, Java, JavaScript

Mobile Development: Flutter, Android SDK, Riverpod, Provider, reusable UI components, responsive design

Architecture & State Management: Clean Architecture, MVVM, layered architecture, dependency injection

Frontend & Backend: React.js, Node.js, RESTful APIs, JSON, third-party SDK integration

Databases & Cloud: MySQL, MongoDB, Firebase, cloud-based service integration

Banking & Identity: Retail banking, corporate banking, eKYC, OCR, MRZ verification, secure authentication workflows

Tools & Practices: Android Studio, Git, Postman, Jira, Agile/Scrum, code reviews, debugging, performance optimisation, CI/CD

PROFESSIONAL EXPERIENCE

Senior Software Engineer | Digichorus Technologies Pvt. Ltd., Pune

Jul 2023 – Present

- Lead development of Flutter and Android applications for international retail and corporate banking clients, converting business requirements into scalable technical solutions.
- Design reusable mobile components, integrate REST APIs and third-party SDKs, and implement secure customer journeys and authentication workflows.
- Collaborate with backend, QA, UI/UX, product, and client teams to resolve dependencies and deliver sprint commitments.
- Conduct code reviews, troubleshoot complex issues, improve application stability and performance, and promote maintainable coding standards.
- Participate in sprint planning, daily stand-ups, retrospectives, release coordination, and production-support activities.

Android Developer | NTS Automations Pvt Ltd. Pune

Apr 2021 – Jun 2023

- Developed and maintained Kotlin-based Android applications across fintech, workflow automation, fleet/rental, and healthcare document-management domains.
- Managed features across the software-development lifecycle, including analysis, implementation, API integration, testing, defect resolution, release support, and deployment.
- Enhanced legacy applications, improved usability and reliability, and translated functional requirements into production-ready mobile features.
- Worked directly with internal stakeholders and client teams to clarify requirements and deliver timely releases.

PROJECTS

Bank of Palestine – Retail Banking Application | Mar 2026 – Present | Digichorus Technologies

Technology: Flutter

- Leading customer-facing retail banking journeys, reusable Flutter components, feature integrations, and release support.

Dukhan Bank – Retail Banking Application | Jan 2026 – Apr 2026 | Digichorus Technologies

Technology: Flutter

- Developed secure retail banking modules, reusable UI components, and backend-service integrations.

Doha Bank – Retail Banking Application | Sep 2025 – Mar 2026 | *Digichorus Technologies*

Technology: Flutter

- Delivered customer-focused retail banking features and collaborated across teams on implementation, testing, and release readiness.

Doha Bank – Corporate Banking Application | Jul 2024 – Sep 2025 | *Digichorus Technologies*

Technology: Flutter

- Built secure corporate banking functionality, reusable mobile components, API integrations, and release support.

eKYC Module | *Digichorus Technologies*

Technology: Flutter / Android / OCR / MRZ

- Led OCR and MRZ-based identity-verification workflows covering document capture, data extraction, validation, and backend integration.

N-Cash | Oct 2021 – Oct 2022 | *NTS Automations*

Technology: Kotlin, Android

- Developed tax-management features for expense tracking and tax-saving guidance, supporting implementation through deployment.

Rocketflow | Oct 2021 – May 2023 | *NTS Automations*

Technology: Kotlin, Android

- Revamped an enterprise workflow-automation application for real-time business actions, improving usability and maintainability.

Rocketfleet | Oct 2021 – May 2023 | *NTS Automations*

Technology: Kotlin, Android

- Enhanced vehicle-rental and fleet workflows based on client requirements and improved user interactions.

InteliDoc | Apr 2021 – Jun 2023 | *NTS Automations*

Technology: Kotlin, Android

- Developed healthcare document-management features for patient records, documents, and report generation.

EDUCATION

Bachelor of Engineering in Computer Engineering | Savitribai Phule Pune University, Marathwada Mitra Mandal's College of Engineering | 2021 | CGPA: 7.46

Higher Secondary Certificate (HSC) | Maharashtra State Board | 2017 | 67.69%

Secondary Secondary Certificate (SSC) | Maharashtra State Board | 2015 | 81.80%

ADDITIONAL INFORMATION
